Horizon™ OPO

2013 Prism Award for Innovation

Scientific Laser Category

We are very pleased to announce that the Continuum Horizon OPO won the 2013 Prism Award for Innovation in the Scientific Laser Category at the 5th annual Prism Awards ceremony in San Francisco, CA.

With up to 40% conversion efficiency, an extended tuning range into the vacuum ultraviolet (192-2750nm), narrow linewidth and active precision control throughout, this new system offers unprecedented advantages to the scientific community. Compatible with a wide range of Continuum pump lasers, the Horizon package provides a complete tunable solution.
